FACTORY
MANAGEMENT AND MAINTENANCE

1957

INDEX

VOL. 115, JANUARY TO DECEMBER

Combined Table of Contents

Plant Engineering

Management and Practices

Picture book speeds retraining. A. D. Mustillo ..... Jan 88
Work simplification in maintenance. J. D. Hesselgrave Feb 92
Two forms will really give you maintenance control. Gerard Scheyer ..... Feb 132
Knocking off decibels ..... Feb 136
More delegating builds better maintenance force ..... Mar 126
Data Sheet tells about newest plant tools ..... Mar 162
Real lowdown on vibration. V. V. Corsaut ..... Apr 122
Slicing maintenance labor costs. Lieut. L. L. Kornfeld May 81
At long last—a maintenance handbook ..... June 111
Now you can weld plastics ..... Aug 134
Controlling area jobs ..... Aug 192
"What planned maintenance means to me." Carl G. Wyder ..... Sept 180
What's ahead in plant maintenance. Cordier & Chandler ..... Oct 100
Best way to tell maintenance story to top management. L. F. Eschner ..... Oct 180
How to beat the next flood ..... Nov 102
Repairs anywhere—on the double ..... Nov 144

Buildings and Yards

Build only what you have to have ..... Jan 57
Portable vacuums for chip removal ..... Jan 91
Four *ideas-packed* new plants ..... Mar 84
Fire won't faze this system ..... May 92
Plant site selection guide. Oswald Stewart ..... May 180?
Year's best plant ideas ..... May B-1
Today's newest building materials. A. G. E. Dietz ..... June 174
Static electricity—$100 million headache. Robin Beach ..... July 102
Doubling output in an old plant ..... Aug 140
Making modernization pay as it goes ..... Sept 84
A "first" in no-freeze tanks ..... Sept 101
Making a two-stage move pay off. William Semple ..... Sept 104
World's cleanest. H. B. Van Dorn ..... Sept 124
Best plan yet for working with city fire department ..... Sept 188
Your new plant may win . . . *Factory's* 24th Plant Buildings Competition ..... Sept 144
Modernizing to beat competition ..... Oct 84
More aluminum in your plant of the future ..... Nov 84
Pre-planned maintenance building. D. V. Hyzer ..... Dec 144

Services and Facilities

New lube program never misses. George Gydesen ..... Jan 92
You'll save with spiral duct ..... Feb 118
Standby compressor cuts air costs ..... Feb 152
Newest way to get rid of combustible liquids. C. T. Gruner ..... Mar 107
Prefabbing to halve downtime ..... Apr 120
Putting the squeeze on steam: your next cost-cutting move ..... Apr 192
Year's best plant ideas ..... May D-1
The mostest in flat-belt drives. W. A. Williams ..... June 98
Now—a floating pump house ..... June 191
Take a new look at roof cooling ..... July 92
New proof: it pays to save water ..... July 104
Best way to distribute chilled water (or steam) ..... July 150
Comfort cooling—what's ahead . . . your stake in it. A. G. Nickel ..... Sept 82
Easy starts for shock loads ..... Sept 141
Cleanest scrap-yard operation yet ..... Nov 180

Electric Services

How to start planning a better electrical system. D. L. Beeman ..... Jan 70
New light for heavy work ..... Jan 96
Eleven new uses for industrial television ..... Feb 130
How to build a reliable and flexible system. D. L. Beeman ..... Feb 134
How to pick the best voltages. H. A. Brust ..... Mar 128
Cutting conveyor downtime. H. S. Newcomb ..... Apr 106
Short circuits are your worry. W. C. Huening Jr. ..... Apr 148
Saving big with robot guards ..... May 74
All you need to know about relays. F. P. Brightman ..... May 102
Year's best plant ideas ..... May C-1
Newest trick in automation ..... June 119
Better use of conductors. J. Dunki-Jacobs ..... June 148
Fewer fixtures—more light ..... July 91
How to get the best primary system. L. G. Levoy Jr. ..... July 144
8 floors—but never an idle truck ..... Aug 130
Fastest phone service yet ..... Aug 137
Getting more from unit substations. Walsh & Shields ..... Aug 146
Your best secondary system. D. L. Johnson ..... Sept 156
Radio paging that gets your man ..... Oct 108
Next move—boost power factor. W. R. Crites ..... Oct 146
Grounding for a power payoff. R. H. Kaufman ..... Nov 110
Now it's equipment grounding. R. H. Kaufman ..... Dec 169

Winners of "Top Plant of the Year" Awards

General Electric ..... May A-2
Lambert-Hudnut ..... May A-10
H. W. Lay ..... May A-16
Leeds & Northrup ..... May A-24
Miniature Precision Bearings ..... May A-34
Owens-Corning Fiberglas ..... May A-42
Rheem Automotive ..... May A-50
Sundstrand Aviation ..... May A-58
Thompson Products ..... May A-66
U.S. Steel Products ..... May A-74

Production

Organization and Management

Update your operating practices ..... Jan 69
16-point plan for progress. K. F. Leaman ..... Apr 84
Industrial engineering trends, 1946-57 ..... Oct 140

Production Controls and Systems

New way to slash indirect labor and boost profits ..... Jan 78
How many parts in these bins? ..... Jan 84
Once-a-month buying will squeeze tool-and-supply costs Feb 108
Bonus plan for machine operators will fit every change. E. A. Carlson ..... Mar 104
The new approach to quality control. A. V. Feigenbaum ..... May 114
Shadowgraphs—for faster, surer inspection. Roche & Greer ..... Apr 106
Quality—loud and clear ..... Apr 134
Phone call will bring new work via conveyors ..... May 68
New look in timekeeping ..... June 139
Computerized production control ..... July 84
Inventory control by 2-way radio. Walsh & Hilliard ..... July 98
Integrated cost reduction
How to plan for integrated cost reduction. L. R. Bittel ..... Aug 84
44 short success stories in cost reduction ..... Aug 88
What 330 plants are doing about cost reduction ..... Aug 90
How 8 plants are organized for cost reduction ..... Aug 94
How to brainstorm a project in cost reduction. E. E. Fromson ..... Aug 108
How 10 plant engineers look at cost reduction ..... Aug 109
How top-notch plant services aid cost reduction ..... Aug 112

*Less than one page

Utility waste recovery—back door to cost reduction. G. R. Bataille ... Aug 116
Indirect labor—timely target for cost reduction ... Aug 123
How to get quick action in cost reduction. R. W. Jochim ... Aug 124
One paperwork job lasts all year ... Sept 126
How every boss is in business. T. G. Utley ... Nov 94
Quicker, better way to spot leaks ... Nov 146
Helping vendors boost quality. Fisher & Albert ... Dec 88

Methods and Technology

Put new ideas to work in the shop ... Jan 68
What's new in metal finishing ... Jan 68
From TV—$7700 in new ideas ... Jan 76
Reinforced plastics—your fastest-growing tool ... Feb 84
Wouldn't you spend $12,000 to save $84,000? George Elmore ... Feb 100
Begging $1-million a year ... Feb 110
Newest "Better Way" prize winners ... Feb 128
How you can spray four colors at once ... Feb 150
You can fit heat-treat into the line ... Mar 94
You, too, will use shuttle units. H. G. Hammack ... Mar 106
New ideas: your best-cost-cutters ... Mar 110
Use CO_2 to "bake" cores? ... Mar 160
You'll save with plastic tools. G. F. Bernardin ... Apr 110
Your newest way to make pix pay ... Apr 121
Nine ways to copy engineering papers. H. E. French ... Apr 136
Everyone a cost-cutter ... May 86
Here's your newest coating ... May 94
Playing it safe with portable abrasive tools. D. S. Linton ... May 96
Methods training scores again ... June 108
Making methods match growth ... July 180
From good—to better—automation ... Aug 127
Nibbling at costs via better methods ... Sept 120
Ganging up against paperwork ... Nov 108
First look at a world beater ... Nov 129
It's automated for productivity ... Nov 130
Now handling goes really automatic ... Nov 134
Teaching old machines new tricks. J. Walter Gullikson ... Dec 84

Materials Handling, Layout

Newest handling cost-cutter. R. I. Reul ... Jan 92
One unit halves manpower ... Jan 108
Half-a-dozen handling highlights ... Feb 90
The all-aluminum crane ... Feb 96
Heavy handling is easier now ... Feb 148
One tray saves five ways on handling ... Mar 109
Two-in-one workbench aids production ... Mar 138
Production's zooming—and costs take a nosedive ... Mar 142
Fastest way yet to unload cartons ... Mar 148
Handling's your easiest mark ... Apr 94
Your slickest handling trick ... Apr 136
Handling to suit machine speeds ... Apr 142
Automatic unbaler will halve raw materials loading time ... Apr 146
Any roll you want—right now ... Apr 154
Payoff time? Only 6 months! ... May 78
These bins will never run dry ... May 110
Year's best plant ideas ... May E-1
Low-cost handling in newest "plant of tomorrow" ... June 84
Picking your best truck fuel. H. R. Loose Jr. ... June 126
Going after a $500,000 saving in handling costs. D. T. Gallup ... July 124
Truck bridges first-floor and third-floor assembly ... July 127
Two conveyors link entire line ... July 137
Need more room? Go overhead ... Sept 136
How to modernize a small plant—in three steps. Carter Higgins ... Oct 118
Halving handling manpower ... Oct 136

Plant Management

Organization and Policies

Growing up—in four acts ... Jan 52
Fastest way to figure whether to buy that new machine. Dr. R. B. Orenstein ... Jan 102
Capital spending to stay up in 1957 ... Jan 109
Timing automation to turnover ... Mar 96
12 hazards in organizing ... June 102
Capital spending higher than ever . . . and headed up! ... June 112
No money for new machines? Robins & Mitchell ... July 129
Manpower yardsticks ... Sept 160
Latest news on capital spending ... Dec 154

Personnel Development

Staff up for modern management ... Jan 54
How to attract engineers ... Jan 100
Getting even more out of *FACTORY* ... Feb 104
More women working—in more jobs—in more plants ... Feb 114
"How we're beating the skills shortage." F. H. Corbett ... Mar 128
Getting answers to maintenance training questions ... Apr 90
Keeping tabs on key men ... Apr 118
Taking the double talk out of communicating. William Exton Jr. ... Apr 114
Train your own technicians ... May 112
"War Game" will train managers to make good business decisions ... June 132
See yourself here? Fred Meyer ... Oct 98
Four ways to train faster ... Oct 102
Fifty tips for better leadership. R. H. Ewing ... Oct 130
How psychological tests can and can't help. Bernard Haner ... Nov 152
Creative thinking training ... Nov 154
A brand-new look at management development ... Dec 91
Why management development fails. E. C. Peckham ... Dec 92
25 tips to make management development work. E. C. Peckham ... Dec 94
How to handle ticklish problems. E. C. Peckham ... Dec 98
Picking your new supervisors. J. M. Bertotti ... Dec 102
Redesigning the supervisor's job. Jasinski & Guest ... Dec 105
Picking managers by ballot. Steve Dembicki ... Dec 106
New ways to look at the manager's job ... Dec 110
How to handle "How am I doing?" interviews ... Dec 120
Measuring your managers. H. B. West ... Dec 132
Creating a climate to make managers grow. Zerfoss & O'Connor ... Dec 136
Tip-off on a new cost target. C. W. Boyce ... Dec 139

Employee Relations

Daily plant paper is always ready with the truth ... Feb 98
Cafeteria that's fully automatic ... Feb 148
You can stop those freak accidents ... Mar 136
How to handle wage garnishments ... Mar 145
Why this union boss—and his local—go for automation ... Apr 88
White collar workers: unions woo them next. A. E. Adams ... Apr 102
Drive all your troubles away ... May 80
Sign lingo speeds up assembly ... June 94
Sure it's easy to wipe out dermatitis ... June 134
You say recreation won't pay off? ... June 140
News on foremen: morale is down ... July 94
And away they go—on a trip to remember ... July 108
Common-sense approach to getting cardiac cases back on the job ... July 114
These four general orders will make safety stick ... July 138
New angles on getting your story across. Keith Davis ... Sept 96
Six steps to a new safety peak. Duffus & Orth ... Nov 96
Indirect labor costs still on the climb ... May 72
Better way to rate and pay your maintenance workers ... June 130
Who says profit sharing and unions won't mix? ... Nov 140

Editorials

1957 can be your year of opportunity ... Jan 51
Opportunity for labor, too ... Jan 51
Any stuffed shirts in your plant? ... Feb 53
Your ideas will work for us, too ... Feb 89
We need to smarten up on quality ... Mar 53
More new plants, and still more ... Mar 53
We're improving our reader service ... Mar 53
Plant engineers are on the move! ... Apr 53
Why a turret lathe costs $1-million ... Apr 53
The best plants yet! we're proud of 'em! ... May 67
What to do about labor? ... May 67
Is there a computer in your future? ... June 53
Outlook—bright but also cloudy ... June 53
A broader look at the plant operating job ... July 53
Needed . . . integrated cost reduction ... Aug 53
Manpower measurement moves ahead ... Sept 53
We are proud of our new Plant Operating Case Book ... Oct 53
A new kind of self-improvement program for 1958 ... Nov 53
1958 can be your best year ever ... Dec 53
A great editor retires ... Dec 53

Know-How Index

A

Accidents (see Safety engineering)

Air Conditioning

Cleaner than clean air ... Sept *147
Comfort cooling—what's ahead . . . your stake in it ... Sept 86
Cool, fresh air everywhere ... May *D-5
Hot climate—cool plant ... May *D-6
Last word in hung ceiling ... May *D-7
Take a new look at roof cooling ... July 94
World's cleanest plant ... Sept 124
You'll save with spiral duct ... Feb 113

Air Pollution

Four-room "baghouse" traps furnace dust ... Nov *128
Kill dust at the source ... May *104
No dust in new paint room ... Dec *124
No more diesel smog ... May *D-4
Smoke solution: get high-heat incinerator ... Oct *194

Apprentices (see Employee training, Maintenance training)

Assembly Techniques

Big savings from two-level assembly ... Dec *126
No sway this way ... Dec *128
Rubber pad makes better place to assemble motor windings ... Jan *90
Salad-bowl assembly line? ... June *130
These bins will never run dry ... May 110
This machine talks to itself! ... Nov *150
Which fixture system? ... Dec *123
Work tables speed changeovers ... Sept *121

Automatic Operation

Automation round-up of practical ideas ... Nov *125
Computerized production control ... July 84
First look at a world beater ... Nov 129
From good—to better—automation ... Aug 127
Half-a-dozen handling highlights ... Feb 90
Modernizing to beat competition ... Oct 84
New hardener is three times faster ... Nov *116
New looms weave across 50% faster ... Nov *123
New press bais out twice as much as six old ones ... Nov *125
Numbers made easy ... Oct *117
Numerical control ... Dec *126
Teaching old machines new tricks ... Dec 84
With vertical flow, a 40% saving ... Nov *121
Why this union boss—and his local—go for automation ... Apr 88

B

Budgeting and Cost Control

44 short success stories in cost reduction ... Aug 82
Ganging up against paperwork ... Nov 108
How 8 plants are organized for cost reduction ... Aug 94
How 10 plant engineers look at cost reduction ... Aug 106
How to brainstorm a project in cost reduction ... Aug 102
How to get quick action in cost reduction ... Aug 124

*Less than one page

How to plan for integrated cost reduction ..... Aug 84
How top-notch plant services aid cost reduction ..... Aug 112
Indirect labor—timely target for cost reduction ..... Aug 122
New way to slash indirect labor and boost profits ... Jan 78
Nibbling at costs via better methods ..... Sept 120
Now every boss is in business ..... Nov 94
Sales help on cost reduction ..... May *91
Utility waste recovery—back door to cost reduction .. Aug 116
What 330 plants are doing about cost reduction ..... Aug 90
Building Upkeep
Fork truck boosts welder to job ..... Nov *125
Does 4-week job in 4 days ..... Dec *119
More aluminum in your plant of the future ..... Nov 84
Treated lumber cuts upkeep ..... Dec *116
Window condensation licked ..... Apr *141
Building Upkeep (see also Plant design and construction)

C

Capital Spending
Build only what you have to have ..... Jan 57
Capital spending higher than ever . . . and headed up! June 112
Capital spending to stay up in 1957 ..... Jan 109
Fastest way to figure whether to buy that new machine Jan 102
How to modernize a small plant—in three steps .... Oct 110
Latest news on capital spending ..... Dec 104
No money for new machines? ..... July 188
Charity donations (see Public relations)
Clothing—Now the casual look in shop wear ..... Nov *118
Communicating Systems
"Call back" lights speed maintenance ..... Oct *128
Dial 8 to dictate ..... Nov *128
8 floors—but never an idle truck ..... Aug 150
Fastest phone service yet ..... Aug 107
Got the phone bill blues? ..... Oct *144
Inventory control by 2-way radio ..... July 98
Plant on the move ..... Dec *118
Quality—loud and clear ..... Apr 124
Quick assembly control ..... July *123
Radio paging that gets your man ..... Oct 108
Seven new uses for industrial television ..... Feb 120
TV replaces guards at plant gate ..... Oct *120
Containers
Cable component packed in galvanized-steel handling boxes ..... Feb *137
Fastest way yet to unload cartons ..... Mar 148
New box cuts shipping costs ..... Dec *124
Newest handling cost-cutter—Uni-Hopper ..... Jan 92
Conveyors
Airstream conveyor—a long trip by air ..... Aug *139
Bearing laughs at dust! ..... May *107
Better carriers for paint line ..... Dec *128
Better quality—with green conveyor ..... Oct *116
Blowing chips under the floor ..... May *E-7
Cutting conveyor downtime ..... Apr 100
Does 4-week job in 4 days ..... Dec *118
A flip on the fly ..... Dec *122
Heave-ho for scrap ..... Dec *120
Modernizing to beat competition ..... Oct 84
Newest trick in automation ..... June 119
No sway this way ..... Dec *128
Now 3 men do work of 10 ..... Dec *116
Parts stick to belt ..... Oct *116
Payoff time? Only five months! ..... May 78
Pushbuttons make roasting cartons easy ..... Nov *127
Too hot to handle? Not for this belt ..... Nov *120
Truck bridges first-floor and third-floor assembly ... July 127
Two conveyors link entire line ..... July 127
Why lift. Just shake 'em off! ..... Sept *142
Why not convey 'em outside? ..... Apr *131
Your slickest handling trick ..... Apr 135
Corrosion Control—Coatings preserve ventilators ..... Apr *141
Cost control (see Budgeting and cost control)
Cranes
The all-aluminum crane ..... Feb 86
For precision moves; six-way mover ..... Nov *116
Gentle lift for polished sheets ..... Mar *124
"Kid glove" handling for machined parts ..... Oct *124
Sign lingo speeds up assembly ..... June 94
Weighing on the fly ..... Mar *128
Whole flock of cranes ..... May *E-8

D

Depreciation
Fastest way to figure whether to buy that new machine ..... Jan 102
No money for new machines? ..... July 188
Disaster Control—How to beat the next flood ..... Nov 102
Dust (see Air pollution)

E

Economic Lot Size—Once-a-month buying will squeeze tool-and-supply costs ..... Feb 106
Electric Control
Cutting conveyor downtime ..... Apr 100
Here's the control center of tomorrow ..... Oct *127
Electric Equipment
How to start planning a better electrical system ..... Jan 70
Next move—boost power factor ..... Oct 146
Now it's equipment grounding ..... Dec 150
Rope-sling tester ..... July *140
Electric Instruments, Controls
How top-notch plant services aid cost reduction ..... Aug 112
Metering downtime boosts efficiency ..... Dec *124
Newest trick in automation ..... June 119
No more costly hot boxes ..... Aug *142
Rectifiers speed repair job 50% ..... June *146
Seven new uses for industrial television ..... Feb 120
Switchboard ground detector ..... May *C-6
Electric Maintenance
Conduit corroding? ..... Mar *138
Grounding for a power payoff ..... Nov 110
How to start planning a better electrical system ..... Jan 70
Now it's equipment grounding ..... Dec 150
Water wagon for battery service ..... Apr *140
Electric Motors—Now drive ups production ..... Jan *106
Electric Power Distribution
All you need to know about relays ..... May 102
Better use of conductors ..... June 148
Easy way to get test voltages ..... Jan *107
Getting more from unit substations ..... Aug 146
Good reliability at moderate cost ..... May *C-6
Grounding for a power payoff ..... Nov 110
How to build a reliable and flexible system ..... Feb 188
How to get the best primary system. L. G. Levoy Jr. July 144
How to pick the best voltages ..... Mar 128
How to start planning a better electrical system ..... Jan 70
Idea-loaded system ..... May *C-6
Modernizing to beat competition ..... Oct 84
Next move—boost power factor ..... Oct 146
Short circuits are your worry ..... Apr 148
TV keeps eye on electric bills ..... May *107
Three worth-checking ideas ..... May *C-6
Tops in reliability, tops in flexibility ..... May *C-7
Your best secondary system. D. L. Johnson ..... Sept 150
Electric Transformers
Getting more from unit substations ..... Aug 146
Roof for transformers ..... Dec *114
Electronics—Saving big with robot guards ..... May 74
Employee Attitudes and Morale
Actions speak loudest ..... Mar *114
Beware the grapevine ..... July *129
Contribution club—Drive all your troubles away ..... May 80
Good old days? ..... Mar *118
How to handle wage garnishments ..... Mar 148
Modernizing to beat competition ..... Oct 84
Morale—handle with care ..... Nov *138
New attitude survey form ..... Aug *132
News on foremen: morale is down ..... July 94
Organization chart makes 'em all members ..... June *124
School tie for you ..... Nov *138
Selling the swing shift ..... July *129
Trouble with maintenance men? ..... Sept *128
You say recreation won't pay off!—4M program does ... June 140
Employee Benefits
Group tours—and away they go—on a trip to remember July 102
"Oscar" for factory workers ..... Mar *118
Soup's on the house ..... Mar *118
Employee Communications
Beware the grapevine ..... July *129
Bringing the world back home ..... June *134
Daily plant paper is always ready with the truth ..... Feb 98
Face-to-face communications ..... Oct *148
Greetings for new workers ..... June *132
How to handle "How am I doing?" interviews ..... Dec 120
Limits on chatty language ..... Feb *104
New angles on getting your story across ..... Sept 98
Publicizing layoffs ..... Nov *139
Spotlight on foot-draggers ..... Apr *126
Take-home safety ..... Dec *119
Taking the double talk out of communicating ..... Apr 114
Tardy communications ..... Sept *122
10 ways to use display windows ..... Dec *127
Through the TV screen ..... Apr *126
Employee Facilities
Chef of the week ..... Aug *133
How good waterless washing? ..... Feb *106
Idea-packed auditorium ..... May *D-6
More on waterless washing ..... Mar *114
More women working—in more jobs—in more plants . Feb 114
Pleasing colors up cafeteria sales ..... Oct *124
Swing to the restful look ..... May *D-9
Employee Health (see Medical and Health Programs)
Employee Relations (see headings under Employees)
Employee Services, Benefits
Cafeteria that's fully automatic ..... Feb 148
Food service in a jiffy ..... May *D-9
Group tours—and away they go—on a trip to remember July 102
Music soothes workers ..... Dec *149
Take credit when due—cafeteria costs versus prices given to employees ..... Jan *86
Employee Training
Add PEP to STEP ..... Mar *118
Four ways to train faster ..... Oct 129
From TV $7700 in new ideas ..... Jan 76
"How we're beating the skills shortage" ..... Mar 122
Making a two-stage move pay off ..... Sept 104
More women working—in more jobs—in more plants . Feb 114
Movie converted to training center ..... June *124
Rogues gallery tells all ..... Nov *118
Train your own technicians ..... May 112
Upgrading on ability, not seniority ..... Oct *119
Employment Management
Engineering shortage rising ..... July *129
Forecasting manpower needs ..... May *91
How psychological tests can and can't help ..... Nov 142
How to attract engineers ..... Jan 160
Manpower yardsticks ..... Sept 109
Moonlighting—a new problem ..... Nov *138
More women working—in more jobs—in more plants . Feb 114
Nix the fraternity rush ..... Mar *114
Selling the swing shift ..... July *129
That paperwork can be simplified, too! ..... Oct *119
Employment Management (see also Personnel Selection, Placement)
Engineers
Can't type-cast engineers ..... Dec *142
Engineering shortage rising ..... July *129

*Less than one page

Engineers pinch-hit for physics teachers ..... Nov *128
How to attract engineers ..... Jan 100
What to do about the engineer shortage ..... Oct *116
Equipment Upkeep
Bearing laughs at dust! ..... May *107
How to lick wear points ..... Aug *143
No dust on these controls ..... Sept *146
No leaks wanted! ..... Nov *127
Prefabbing to halve downtime ..... Apr 128
Retread better than new ..... Mar *135
Selective plating for quick repairs ..... Nov *116
Stretching spray-booth clean-up ..... Sept *146
Tough customer, this plastisol ..... Sept *147
Welding hits the bull's-eye ..... May *106
World's cleanest plant ..... Sept 124
Executive Development
Getting answers to maintenance training questions .. Apr 90
How to handle "How am I doing?" interviews ..... Dec 129
How to handle ticklish problems ..... Dec 98
New way to look at the manager's job ..... Dec 110
Now—an academy of advanced management ..... Nov *116
Social role for executives ..... July *128
23 tips to make management development work ..... Dec 96
"War Game" will train managers to make good business decisions ..... June 132
Why management development fails ..... Dec 92

F
Fastening
Rotation for even brazing heat ..... July *122
Slicker way to solder ..... May *97
Stapler pays both user and customer ..... Nov *115
Two men do what used to take eight ..... Oct *116
Films (see Photography)
Finishing
Here's your newest coating—PermaPlate ..... May 94
Metal spray licks two problems ..... Feb *126
New way to mechanize plating ..... Jan *99
No more discoloration ..... July *122
Painting the big ones ..... Jan *96
Small bench grinder for finishing touch ..... May *96
Tumbling bans manual racking ..... Sept *121
Tumbling intricate parts ..... Apr *131
What's new in metal finishing? ..... Jan 68
Fire Prevention
Best plan yet for working with city fire department .. Sept 128
Electric lighters or boxes of safety matches in "smoking permitted" areas ..... Feb *144
Emergency units can go anywhere ..... Oct *124
Fire won't faze this system—Ford's Mahwah, N.J. plant ..... May 92
A "first" in no-freeze tanks ..... Sept 101
How to fireproof a fuel tank ..... July *141
Roof vents for fire control ..... May *D-9
Static electricity—$100-million headache ..... July 106
Fire Prevention (see also Plant Protection)
Floors
Cans provide service outlets in floor slab ..... Oct *123
Easy-cleanup concrete floor ..... May *D-7
Heavy-duty floor for coffee company ..... Mar *134
Need storage space? Look down ..... Mar *124
Newest floor for a wet operation ..... Apr *141
